## PROJECTS

### Portfolio | React.js, Tailwind CSS, EmailJS

Mar 2025

- Designed and developed a personal portfolio website using **React.js** and **Tailwind CSS**, optimized for all screen sizes.
- Created modular, reusable components (e.g., **Navbar**, **Projects**, **Skills**, **Contact Form**) using React Hooks like **useState** and **useEffect**.
- Improved UX and performance with **lazy loading**, **code splitting**, and semantic HTML.
- Deployed on **Vercel** with custom domain; integrated **EmailJS** for form handling; managed version control via **Git** and **GitHub**.

### Task Trek | React.js

Feb 2025

- Built a task tracking application UI using **React.js** with a focus on intuitive user interaction and responsive layout.
- Utilized **useState** and **useEffect** for dynamic state management and component behavior.
- Designed UI with reusable components and mobile-first responsive design principles.

### Food Ordering | React.js

Dec 2024

- Developed a food ordering website using **React.js**, allowing users to browse, search, and place orders from a list of items.
- Used React Hooks (**useState**, **useEffect**) for stateful UI and component interactivity.
- Designed UI with responsive layouts and modern CSS for optimized display across devices.

## EXPERIENCE

### Novem Controls

Jan 2025 – Jun 2025

*Intern – MERN Stack Developer*

*Mohali, India*

- Currently undergoing hands-on experience as a MERN Stack intern, working with technologies like MongoDB, Express.js, React.js, and Node.js.
- Working on real-world projects involving RESTful APIs, frontend development, and backend integration.

### Solitaire Infosys

Jul 2024 – Sep 2024

*Frontend Development*

*Mohali, India*

- Completed a 2-month intensive training in frontend web development.
- Worked with HTML5, CSS3, JavaScript, and React.js

## TECHNICAL SKILLS

**Languages:** JavaScript

**Developer Tools:** VS Code, GitHub, Render, Netlify

**Technologies/Frameworks:** HTML5, Bootstrap, CSS, Tailwind, ReactJS, NodeJS, ExpressJS, MongoDB,

**Coding Platforms:** LeetCode, Geekforgeeks

## EDUCATION

### Lyallpur Khalsa College Technical Campus

2021 – 2025

*B.Tech - Computer Science and Engineering - CGPA - 6.57*

*Jalandhar, Punjab*

### T.W.E.I.SN.SEC.SCHOOL

2020 – 2021

*INTERMEDIATE (XII) - Percentage - 70%*

*Phagwara, Punjab*
